- Toxins are stored in the FAT in your body. ISAGENIX helps to cleanse your body. When toxins are released - the fat does not have any reason to stay - and your body sheds it! Simple. Not Complicated at all.
- Lose weight and lose the potential for disease. No fat = no toxins.

- You will feel lighter, have less fat, and lots more energy.

Why it is Safe to Lose Weight Fast - with ISAGENIX . . .

- Most DIETS that promote RAPID weight loss - use harsh diuretics which rob the body of important nutrients and minerals (especially potassium, magnesium, calcium) which can dangerously upset your electrolyte balance - causing dehydration and often depression.
- They also use Harmful Stimulants - like MaHuang, Ephedra or Caffeine which speed up your metabolism in an unhealthy way - increasing your blood pressure and heart rate.
- This is NOT the case with ISAGENIX.
- ISAGENIX does not use Harmful Stimulants . . . and it feeds your body wholesome

LIQUID FOOD (242 nutrients) - to help CLEANSE your body - and NOURISH and REJUVENATE your cells.

That's why you feel so vibrant and have so much energy. When you help your body to free itself of poisonous chemicals and toxins - you feel better, brighter and have lots more Energy.
